

# Australian Catholic University Case Study

Education & Training

## > Australian Catholic University (ACU) is one of the country's leading educational institutions.

Publicly funded by the Australian Government and not for profit, ACU hosts 6 campuses. Each campus offers students a plethora of course programs, including but not limited to; arts & sciences, business, education, law, health sciences and theology.

Facilities First Australia partnered as the cleaning provider of ACU in 2018. Our mission has been to provide reliable and comprehensive cleaning services that allow students, staff and visitors at ACU to focus solely on their education experience.

Facilities on-site include class rooms, library, common areas, laboratories, entertainment halls, gymnasium, outdoor communal areas, bathrooms, cafes and eateries.

As such a reputable education facility, Facilities First is proud to provide comprehensive cleaning services to multiple ACU campuses.

**CLIENT** Australian Catholic University  
**REGION** National  
**SERVICES** Comprehensive Cleaning  
**TERM** Since 2018  
**SECTOR** Education & Training

> "Since the transition to Facilities First, ACU has had the pleasure of overseeing an invigorating level of enthusiasm and motivation with frontline service staff. The inspiring level of humility and dignity that Facility First management constantly demonstrate to their frontline staff is the foundation of their ongoing success; offering high levels of vigilance, productivity and, most importantly, contract stability."
